Ooh, hoo

You're the only one who knew why I was leaving

And you're the one who kept right on believing

I felt that I needed space to make it

I put a strain on love, I hope I didn't break it

But it's been so long

Now I'm coming home

(Love) oh honey, I've been thinkin' 'bout our love all day

(Love is on the way)

I'm comin' home baby (love), 'cause I just can't stay away

(Love is on the way)

Ooh, I can hardly wait to see your face and kiss ya

And once I'm in your arms, you'll know how much

I've missed you, baby

All the lonely nights I longed to have you near me

Calling out your name, hoping you would hear me

But it's been so long

Now I'm comin' home

(Love) hey, honey

I've been thinkin' 'bout our love all day

(Love is on the way)

I'm comin' home, honey (love), ooh

'Cause I just can't stay away

(Love is on the way)

Oh (ooh), oh (ooh)

Hey, babe, If the love's still there the feeling won't be  
lost

Sure would like to pick up right where we left off

I'm gonna pack my bags and catch me an early flight

Love is on my mind, so I'll be home tonight

(Love) Yeah, baby, hoo, oh (love is on the way)

Love is on the way (love)

Hoo, hoo, yeah (love is on the way)

Hey, hey, hey, hey, hey

(Love is on the way, yeah, love is on the way, love is)

Love is on the way, yeah,

love is on the way, ooh, baby

(love is on the way) oh, honey (yeah, love is on the way)

I've been thinking 'bout our love all day (love is)

Love (Love), oh, ooh, ooh, yeah (love is on the way)

(Love) My love is on the way (love is on the way)

Yes it is, I'm coming home, (love is on the way) baby

(Yeah, love is on the way) I'm coming home, honey...

(Repeat and fade)
