Needing you, wanting you
I just don't know what I'm gonna do
To tell the truth, it just ain't no use
My mind ain't strong enough

To forget about you, oh baby, hey
Here I am trying to be proud
Trying to fool myself with this unreal smile
Telling everyone that I no longer cling to you

But I know myself that can't be true
Oh, how can I forget a love I've known for so long?
The heart may not remember, but the mind goes on
and on
And the more I think about it the worse off I get

Something keeps telling me
You ain't seen nothing yet
I'm needing you, wanting you
I just don't know what I'm gonna do

Now that you're gone, how can I go on
The same love that made me smile
Right now it makes me blue
Oh, how can I get you back, I need you here so bad

The neighbors say, since you've been away
I seem to be so sad, you know they're right
I can't stand to be out of your site
You need to be here close to me to lift these lonely
nights

I'm needing you, wanting you
Oh, I just don't know what I'm gonna do, ooh, no
To tell the truth, it just ain't no use
My mind ain't strong enough to forget about you

Baby, baby, I'm sure needing you
Yes, I'm wanting you, you know I just can't stand it
It just ain't no use, ain't no use
