So I will leave you a little message
My very own, my very, very own, from me to you

You're my morning star
(You're my morning star)
Shining brightly beside me
And if we keep this love
We will last through all eternity
Just the way we are, I love it, love is
It's just the way it should be

'Cause our love will stand tall as the trees
Our love will spread wide as the sea
Our love will shine bright in the night
Like the stars above, and we'll always be together
(Our love)

Did you enjoy yourselves this evening?

My love is surely one thing
You can surely depend on
In times of darkness and fear
I go to you, I know you'll make me strong
You're gonna make me happy
And you're gonna make me smile

'Cause our love will stand tall as the trees
Our love will be for the whole world to see
Our love will change people's wrongs to right
And will never die 'cause we'll always have each other

Our love will stand tall as the trees
Our love will spread as wide as the sea
Our love will shine bright in the night
Like the stars above
(Our love)
And we'll always be together, yeah
(Our love)

Hey baby our love mighty, mighty good love
Hey hey, ha ha, our love
We got a mighty, mighty good love

(Baby, baby, our love)

That's right, bring it down, just a little
Because love is soft, love is sweet
Love is nice, love is gentle
Love is joy and love is pain
Love is laughing in the rain

I've got love on my mind
Love is always right on time
Love is you and love is me
Love is gonna set you free, yeah
(Our love)

If you feel like love say
Yeah, yeah, yeah, yeah
Ooh, hoo, ooh, hoo, ooh, hoo
(Baby, baby, our love)
Ooh, hoo, ooh, hoo, ooh, hoo
(Baby, baby, our love)
Ooh, hoo, ooh, hoo, ooh, hoo
(Our love)
Baby baby our love
