Hm, hm

Hm, hm, hm, hm

Just like a welcome fire

That comes in the cold

You make my heart warm

And a little more love is born

And I'm caught up once again on you

Soft as a rose, your tenderness glows

But you're so strong

And I know I'm gonna love you long

Well, crazy maybe

But I've seen paradise

Here in your eyes

I'm in seventh heaven

Ooh, there's nothing quite

Like spending your life

With a special someone

It feels so right

When the lights are out

And I'm in the dark

I'm not afraid, no

Long as I can get a piece of your heart

And the wind sighs

I love you

Specially when we touch

I need it so much

And I'm glad that we found love

Let the record show that I know that i've

Seen paradise here in your eyes

I'm in seventh heaven

Ooh, there's nothing quite

Like spending your life

With a special someone

It feels so right

Hmm, ooh (paradise)

Hey, I'm in para, para-dise, yeah

I'm in paradise, you know

You know that I like, you know that I like

You know that I like to be in paradise

(paradise) I'm in paradise

And for those who think that there's no such thing

As eternity, they should take a look at you and me

We have got the perfect harmony

Specially when we touch

You know I need it, oh, so much

I'm in heaven specially when I'm with you, hey

I'm in paradise (paradise)
I'm in paradise, paradise and a
Here in your life
Here in your eyes (paradise)
Oh really, I'm in paradise
You know that I like, you know that I like
You know that I like to be in paradise
(paradise) I wanna move with you
I wanna groove you, baby
With me, with me in paradise
I said I'm in paradise
Ooh, ooh, hoo (paradise)
Yeah, to be in paradise with you and me
To be enough, paradise here in your eyes
Woh, woh, woh, woh, woh
You that I like, you know that I like
You know that I like, you know that I like
You know that I like
You know that I like, I like
I like to be in paradise
Spending my life, spending my life
Spending my life, spending my life
Spending all my life with you
Here in paradise, wooh
Yeah, yeah, yeah, yeah
