(Masser/Goffin)

When I wake up each morning
Trying to find myself
And if I'm ever the least unsure
I always remind myself
Though you're someone in this world
That I'll always choose to love
From now on
You're only someone that I used to love
As for me it's getting down to the last unspoken part
When you must begin to ease the pain of a broken
heart
Tell me why should I even care
If I have to lose your love
From now on
You're only someone that I used to love
Yet it wasn't enough for you
All the love I had to give
I did my best to keep you satisfied
I guess you'll never know how much I tried
I really tried
And if ever our paths should cross again
Well, You won't find me being the one

Who gets lost
Once I had so much to give
But You just refused my love
From now on
You're only someone that I used to love
I did my best to keep you satisfied
I guess you'll never know how much I tried
I really tried
When I wake up each morning
Trying to find myself
And if I'm ever the least unsure
I always remind myself
Though you're someone in this world
I'll always choose to love
From now on
You're only someone that I used to love
Though you're someone in this world
I'll always choose to love

From now on
You're only someone that I used to love
From now on
You're only someone that I used to love
