Ohh, there's a lull in my life
It's just a void, an empty space
When you are not in my embrace

Ohh, there's a lull in my life
The moment that you go away
There is no night, there is no day

The clock stops ticking
The world stops turning, everything stops
But the flame in my heart
That keeps burning, burning

Ohh, there's a lull in my life
No matter how I may pretend
I know that you alone can end

The ache in my heart
The call of my arms
The lull in my life

Oh, the clock it stops ticking
And the world just stops turning, everything stops
But the flame in my heart
That keeps burning, burning

Oh, there's a lull in my life
No matter how I may pretend
I know that you alone can end

This ache in my heart
The call of my arms
The lull in my life
There's a lull in my life
