Death to planet earth.
Human scums infect your mind.
Sodomize the earth and let your hatred be your guide!
There is nothing more to see, nothing worthy your
beliefs.
Terrorize their world and see their hierarchy fall down!
Co-operate with all Satanic forces of the world!

Death to planet earth!
Blood stained whores!
Beings of our works: make dreams reality!
Crush the unpure race of god!
Death to planet earth!
Assault those whores! - Fall down on the ground!
Rape their minds!
Death to planet earth!
