Translucent pool of cool eyes
Touch the deepest blue of your soul
A shadow of a tearstained face
Her mask of despair
A tearful whisper
Like autumn leaves that turn red

I cannot see
Its eluding me
Should it be that I let go
Emptiness inside of me

Fears that once dominated me
I cannot leave Its haunting me
Break through the veil
To reveal my pain
Somethings wrong I cant explain.

Emotions which run so deep
I cannot breathe
Its killing me
Break through these chains
which are binding me.

You shouldnt have tried to push me down
Because Ill spring right back at you
What were you thinking, trying to prove
What did you hope to do
I saw the real face
The one you hide away
I know you tried to break me
A little piece each day

Hate can be as strong as love
Once its pushed too far
Beyond the limits of our doubts
We fight for who we are

I couldnt despise,
it was all too close
But now Ive stepped away

I couldnt deny the anger inside
As I watched my life decay
Its time to break free
To find myself once more
I know you tried to doubt me
But youre the one thats alone.
