Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy, energy

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

I'm lying in bed
There's thoughts in my head
I'm thinking 'bout you
Over and over and over and over again

What can I tell you
You got me so twisted
Tossing and turning
Over and over and over and over again

So I wrote a song tonight
(Tonight)
You won't be begging me to write
(To write)
Tell me, is it cool tonight
(Tonight)
To let you know what's on my mind

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)

So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Rain or shine, sleet or snow
Couldn't stop the way we flow
Welcome to my miracle
And I'm digging on your lyrical

Your melody is my remedy
Lemon squeeze to my Hennessey
The one to call when I slip and fall
Candy coated tendency

Just make a wish and let's make it O-fish
There goes your boy, Baby Bash with some heavenly
bliss
Because your kisses on my lips, girl I'm ready to roll
With so vicious and bubblicious, the energy's thrown

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Boy, you know that I dig you
I fell in love when I met you
I love the way you make me feel
Your energy is something real

Boy, I love the way
(I love the way)

You make me feel
(You make me feel)
There's something 'bout you loving me
Can't do without your energy

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Boy, I'm digging on your energy
(Energy)
And I'm digging what you telling me
(Telling me)
So I wrote this little melody
(Melody)
And dedicate it to my favorite lover

Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy, energy
