Days Like These
~Natalie Grant
(Days Like These)
Yeah yeah yeah
Mmm hmmm
Rolled out of bed on the right side
Lookin up at a big blue sky
Oh yeah, oh yeah
Who I am is what I am
A piece in the part of a bigger plan
Oh yeah, oh yeah
Breathe deep, taste the moment
Few and far between
Days like these, they don't get any better
Let this be for always and forever
Every minute is so perfectly
Just the way that it was meant to be
Days like these, so graceful that Im fallin
On my knees and thankin God for all the
Little things that make me wanna say
How I wish I had a million days like these
Ive been runnin like a dream
I know I can do anything
Oh yeah, oh yeah
Days like this I could believe
The sun is shinin just for me
Oh yeah, oh yeah
Eyes closed, touch the freedom
And never let it go, no, no
Days like these, they don't get any better
Let this be for always and forever
Every minute is so perfectly
Just the way that it was meant to be
Days like these, so graceful that Im fallin
On my knees and thankin God for all the
Little things that make me wanna say
How I wish I had a million days like these
Ye---ah
Its as if I never ever knew that clouds existed
If there ever was a day to take a chance or risk it
Oh take it, embrace it and never let it go.
Don't let it go.

(Days like these)
They don't get any better
(Days like these)
I want more
(Days like these)
Blue skies The sun is shinin just for me, just for me
Ye-ah---
(Days like these)
They don't get any better
Let this be for always and forever
Every minute is so perfectly
Just the way that it was meant to be
Days like these, so graceful that Im fallin
On my knees and thankin God for all the little things
Oh, how I wish I had a million more
(Days like these)
Days like these
(I could believe)
I believe
(The sun is shinin)
Is shinin
(Just for me)
Just for me
(Big blue skies)
Big blue skies
(don't ever leave)
Please don't go
(Im livin for)
Im livin for days like these
