every life has a choice  
to rise above, to fill a void  
every heart has a mission  
and we are called to be human

we gotta do better than this  
cause we've only got one chance  
to make a difference  
gotta do better than this  
cause we've only got one life  
that we've been given  
a little love, a little kindness  
little light in this time of darkness  
it'll be what makes us different  
it'll be what makes us human

I'm human, you're human  
we are, we are human

we are marked with His image  
but we are scarred with indifference  
maybe now we should listen  
hear the cry of God's children

we gotta do better than this  
cause we've only got one chance  
to make a difference  
gotta do better than this  
cause we've only got one life  
that we've been given

a little love, a little kindness  
little light in this time of darkness  
it'll be what makes us different  
it'll be what makes us human

I'm human, you're human  
we are, we are human  
I'm human, you're human  
we are, we are human

I gotta do better than this

cause I've only got one chance  
to make a difference  
gotta do better than this  
cause I'm only just one

I'm human, you're human  
we are, we are human  
I'm human, you're human  
we are, we are human  
a little love, little kindness  
little light in this time of darkness  
it'll be what makes us different  
we are, we are human

oh, oh, oh, we are human  
all we need is a little love, little kindness  
we are human  
it'll be what makes the difference  
it'll be what makes us human
