### "Someday Our King Will Come"

I remember mama praying, saying to me, girl  
Child, you better know before you walk out in the world  
Times are getting darker, getting hotter everyday  
When they do, I hear mama say

As you get older, when it's cold you run towards the  
sun  
If you feel scare and so alone you're not the only one  
Don't be afraid when your world comes undone  
Don't you know that someday our King will come?

As I keep growing, He keeps showing me strength  
Even when the world is changing He will stay the same  
He loves me like a father and this hands will provide  
Takes away every fear inside

As you get older, when it's cold you run towards the  
sun  
If you feel scare and so alone you're not the only one  
Don't be afraid when your world comes undone  
Don't you know that someday our King will come?

All the time has passed, days to months to years  
When we hear His voice He'll open every deafening  
Everybody's gonna hear you

As you get older, when it's cold keep running towards  
the sun  
You're not alone, you're not the only one  
Don't be afraid when your world comes undone  
Don't you know that someday, someday our King's  
gonna come?

As you get older, when it's cold you run towards the  
sun  
If you feel scare and so alone you're not the only one  
Don't be afraid when your world comes undone  
Someday I know our King's gonna come

Someday, someday, our King will come

Someday, someday, someday  
Don't be afraid  
Someday our King will come

Sing it now  
Someday, someday, someday  
He's gonna come again  
Someday, someday, someday  
He's coming back for me

Someday our King will come  
Someday our King will come  
Someday our King will come
