My life is filled with joy and tears
Just like somebody, ten thousand miles from here
We stand a half a world apart
Looking up at the same stars

We're the fellowship of the
Unashamed children in our Savior's eyes
Praying for God's touch
To guide us through our different lives

'Cause everybody needs His perfect love
Just like every flower needs the rain
Reminding us the whole world over
We are all the same

And God is reaching out His hand to us
As all across the earth, we call His name
Reminding us the whole world over
Deep at heart, we are all the same
Oh, [Incomprehensible]

His love has opened up our eyes
Closing the distance between our different lives
And His grace fills every step we take
As we walk on in faith

No matter who or where we are
He will be our common ground
Take all the walls we build
And bring them crashing down

'Cause everybody needs His perfect love
Just like every flower needs the rain
Reminding us the whole world over
We are all the same

And God is reaching out His hand to us
As all across the earth we call His name
Reminding us the whole world over
Deep at heart, we are all the same

So, let us thank him for His love we've come to know

We know we will never face this world alone, alone

'Cause everybody needs His perfect love
Just like every flower needs the rain
Reminding us the whole world over
We are all the same

And God is reaching out His hand to us
As all across the earth we call His name
Reminding us the whole world over
Deep at heart, we are all the same, oh, yes we are

Reminding us the whole world over
We are all the same
