I know that life seems hard, cruel and unkind  
A lonesome journey with questions in your mind  
I'll hold your weary hand as you walk down the road  
Remember you're never alone

Whenever you need somebody  
Whenever you want someone  
To reach out and touch you  
With a love that is strong

Whenever you need somebody  
Whenever you want a friend  
To chase away the clouds  
And help the sun shine again  
I will be that friend

If I could have one wish this I would pray  
A heavenly miracle, your pain to drift away  
So I'll keep on prayin' until that day comes  
Yeah, remember that I'll be the one

Whenever you need somebody  
Whenever you want someone  
To reach out and touch you  
With a love that is strong

Whenever you need somebody  
Whenever you want a friend  
(I'm gonna be there)  
To chase away the clouds  
And help the sun shine again  
I will be that friend

I'll give you strength in, in times you're feeling weak  
I'll give you hope and help you to believe

Whenever you need somebody  
Whenever you want someone  
To reach out and touch you  
(Just one touch  
With a love that is strong

Whenever you need somebody  
(Whenever you need a friend)  
(Whenever you want a friend)  
To chase away the clouds  
And help the sun shine again  
I will be that friend

Gonna be a friend  
Your friend  
I'm gonna be that friend  
Right by your side  
I'm gonna be that friend
