Love me, hate me
Just dont walk away from me
Give me anything
Anything but in between
Pardon if I dont try to find out
what's going behind those eyes
So just tell me to my face

Please. apologise cuz i
Need you, need you to get on by
if it all break down
and please this silence is killing me
I wanna hear you say I'm sorry

Your pushing me, turning me into
someone I dont wanna be
Screaming, shouting
I'm sick of this sound of me
Yelling on only one who can put me
out of my misery
so tell me to my face

So please Please. apologise cuz i
Need you, need you to get on by
if it all break down
and please this silence is killing me
I wanna hear you say I'm sorry

I'm not so foolish to think
That this has nothing to do with me
I'm not crazy to believe this one side
to the story
But you got to give me something
I'm good at nothing
Just say you're sorry

So please apologise
I wanna hear you sorry
so please apologise cuz i need
you to get it by
I wanna hear you say
