Walking down the Frith Street
Dawn is creeping up on me
Some girls tears in a taxi
Five o'clock shadows, drinking coffee

So this is what it feels like
This is how it feels, now I'm finally smiling on the inside
This is what it looks like
This is how it looks from the outside staring in

And it's glorious just to laugh like us
And the world will turn, it'll never stop
'Cause I've got nothing to hide
And we've got nothing to lose, oh yeah

And it's glorious, and it's all I see
On a day like this you know it's meant to be
Now I've got nothing to find
And I've got nothing to lose but you
And it's glorious

Drinking wine back in my house
Remember someone said your name
I somehow lost the conversation
I've fallen a million miles away

So this is what it feels like
This is how it feels when you're finally walking on the
inside
This is what it looks like
This is how it looks from the outside staring in

And it's glorious just to laugh like us
And the world will turn, it'll never stop
'Cause I've got nothing to hide
And we've got nothing to lose, oh yeah

And it's glorious, yeah it's all I see
On a day like this you know it's meant to be
'Cause I've got nothing to hide
And I've got nothing to lose but you

Keep wanting a little, a little more
Keep walking, keep walking
Keep getting a little, a little more
Keep running, keep running

Ooh, walking down the Frith Street

And it's glorious just to laugh like us
And the world will turn, will never, never stop
'Cause I've got nothing to hide
And we've got nothing to lose, oh yeah

And it's glorious, and it's all I see
On a day like this I know it's meant to be
'Cause I've got nothing to find
And I've got nothing to lose but you
And it's glorious
