(feat. Bun B, Play N Skillz)

So what you gonna do
What you, what you gonna do
Well, it's the King of the Trill, Bun B on the flip
Coming down dripping that candy with grain and grip
You see my tippin' my fours, see me bangin' my screws
See me lookin' for something jazzy baby, just like you
So what you gonna do, so what you gonna do
So what you gonna do, so what you gonna do

[Chorus: Natalie]

What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
So you can call me up, and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well let me know what's up
We can do whatever you wanna do

I spotted you and I noticed you were lookin' at it
It's up to you, however you want to get at it
Well make your move
Because I'm waiting for you tonight, tonight, tonight

So can I roll with you
You can roll with me
If it's what you wanna do
Let me know girl

So I'll be down with you
You'll be down with me
If it's what you wanna do
Let me know boy

I got the whip outside
When you're ready, we can roll
It's sitting on the thang
So you know we about to roll

I'm trying to get at you
So you can leave with me tonight, tonight, tonight

So what you gonna do
What you, what you gonna do wit' it

[Chorus: Natalie]

What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
So you can call me up, and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well let me know what's up
We can do whatever you wanna do

I like the way you comin' at me
Boy it feels good
You put it down like I know you would
It's me and you alone
Boy let's take our time
And no need to rush
So we'll do what's on your mind

So can I roll with you
You can roll with me
If it's what you wanna do
Let me know girl

So I'll be down with you
You'll be down with me
If it's what you wanna do
Let me know boy

I got the whip outside
When you're ready, we can roll
It's sitting on the thang
So you know we about to roll

I'm trying to get at you
So you can leave with me tonight, tonight, tonight

So what you gonna do
What you, what you gonna do wit' it

You wanna go with a rider
You wanna ball out in style
Well get behind the wheel with the trill
I'll make it worth your while
I'll show you just how it feels, feels
To live like a queen

And cut you out a slice of life baby that you've never
seen
The best cars, clothes, cribs, and shine
Not to mention, the thug love makin' to blow your mind
Anytime she want more than just a one hitter quitter
She already know
Call me up and mayne i'm comin to get her

What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
What you gonna do if I say I'm gonna leave with you
tonight, tonight, tonight
So you can call me up, and you can pick me up
We can do whatever you wanna do
I know you wanna touch, well let me know what's up
We can do whatever you wanna do
