Back track, listen, stop that
Before everything is lost again
You lied, oh why
Stand back, give it slack
You don't know where my head is at
You're in too deep, don't try

I don't want, I don't want what you up to
I don't need, I don't need what you up to
Better step down, better turn around, no
Better row out, here's a bow now move
I don't want, I don't want what you up to no

You grab never give back
And think I don't think through that
I do, I'm onto you
Too far, pushin' your luck
Get out, it's the end of the line
For you and now you're mine

I don't want, I don't want what you up to
I don't need, I don't need what you up to
Better step down, better turn around, go
Better row out, here's a bow now move
I don't want, I don't want what you up to no
I don't want, I don't want what you up to
I don't want, I don't want what you up to
I don't want, I don't want what you up to
I don't want, I don't want what you up to
I don't want, I don't want what you up to
I don't want, I don't want what you up to
I don't want, I don't want what you up to

Stand back, give it slack
You don't know where my head is at
I do, I'm onto you

I don't want, I don't want what you up to
I don't need, I don't need what you up to
Better step down, better turn around, go
Better row out, here's a bow now move
I don't want, I don't want what you up to

I don't want, I don't want what you up to
