So bad
So bad, why can't we be everything we can imagine

I can be so sensual when you touch me
I can get so turned on by you
Why do you try to deny what your feeling
As if I was someone that you never knew

This is my song that I sing to you
I would have done anything for you
Just when you think that the heart is true
Love hurts you so bad

So bad, why can't we be everything we could imagine
So bad, why can't you see what it would mean to be so
good

So many things that we needed to talk about
So many words we never said
You could be so cynical when you wanted
As if I believed every word you said

This is my life
This is what I choose
I can be so far away from you
That's when you think that the heart is true
Love hurts you so bad

This is my life
This is my soul
This is my everything that I'm living for
I will get love
I will be free
I won't let anyone take that away from me
This is my life
This is my soul
This is my everything that I've been living for
I will be loved
I will be free
I won't let anyone take that away from me
This is my life (this is my life, oh, yeah)

So bad, why can't we be everything we could imagine

You should have told me you needed some time away
You should have said you need room to breathe
You should have said, you needed more time, you
needed more space, you needed more ways to
express what you feel but without thinking

This is my life
This is what I choose
I could be so far away from you
Just when you think that the heart is true
Love hurts you so bad

This is my life
This is my soul
This is my everything that I've been living for
I will be loved
I will be free
I won't let anyone take that away from me
I will be loved
I will be free
I won't let anyone take that away from me
