"Going Crazy"

ever since the day you ran away and left me lonely and cold,
my life just hasn't been the same, ohh baby no.

When I looked into your eyes the moment that I let you go,
I just broke down.

Baby if I ever get the chance to be with you again I would sacrifice,
cause the feeling that I feel within,
no other man would ever make me feel so right.
It's nice to smile when I get your phone call in mind,
but I'd rather have you here
with me right next to me,
I miss the way you hold me tight.

I gotta let you know I feel so weak without your touch.
I never thought that I could ever love a man so much.
I gotta let you know, I think that we are destiny.
For you, I'd cross the world.
For you, I'd do anything.

That's right baby, I'm going crazy, I need to be your lady.
I've been thinking lately, that you and me, yes, we could make
it just ride with me, and role with me, I'm in love with you baby. [2x]

Break it down now,
I'll tell you what I feel from the moment that I meet you it was so damn real,

my heart seems to skip another beat every time we speak,
can't believe I feel so weak.

Tell me that you really need me and you want me
and you miss me and you love me I'm your lady.

I'll be around waiting for you, put it down,
be the woman for you.

I'm fallen so deep for you, I'm crazy over you.

I'm callin', callin' out to you what am I gonna do it's true, I'm not frontin',
It's you and the weather I could no longer go on without you,
I'll just break down.

Crazy, Lady, Lately ohhhhhh Baby
