Guess whos sorry now
I almost lost you
I took for granted all I have in you
I feel so lucky now
Ive got you by my side
Once again
One day I'll make it up to you
One day I'll give you all the stars above
My love
Instead of wait til then
Forever starts right now
[chorus]
Now from this day and one
I will love you for so long
I promise to you I will always love you
I knew it from the start
We would never be apart
I promise that you will forever have my heart
I feel so foolish now
I gambled with our love
Because of lust I lost your trust in me
But starting here and now
I vow to win your heart
Once again Some day I'll make it up to you
Forever give you all the stars above
My love Instead of wait til then
Forever starts right now
[chorus]
Now form this day and on
I will love you for so long
I promise to you I iwll always love you
I knew it from the start
We would never be apart
I promise that you will forever have my heart
[bridge]
Baby I promise to give to you
All of my heart
Forever my love
I promise to love you
Honest I do
[chorus]

Now from this day and on
I will love you for so long
I promise to you I will always love you
I knew it from the start
We would never be apart
I promise that you will forever have my heart
