Where we gonna go from here  
Is there any other place to be?  
I'm looking for a side that we ain't seen in each other  
Or have we hit a wall as they say  
Or is that just an old cliché  
Well either way that fire is on low flame

No exciting news  
No romantic dates  
I don't talk to you and  
You ain't got much to say  
Tell me is there any more that we can do  
I don't wanna stay just cuz I'm use to you...

Used to be you calling me baby  
Now there's just a wall  
What's happened to us lately, lately  
Yesterday I was still your lady  
Now you never call, oh  
Is it pointless to keep staring at the wall

Every day that passes by  
We're becoming more invisible  
Living just like strangers in one home  
And even tho we share a bed  
There's so much more that goes unsaid  
I'm trying to remember what we had

What we gonna do  
Baby it's your call  
Right now I don't care  
If I get hurt at all  
All the bad could never wash away the good  
You can't tell me there ain't nothing we can do

Chorus

Don't misunderstand me  
I could still be happy  
Spending time with you

We both need a change

In our situation  
If we're gonna make it thru  
I gotta teach you baby  
And you gotta teach me too

Chorus
