Get that feeling outside call them up  
'Cause nobody can do what they want  
It doesn't matter how it could be  
When you have to do you let it go  
I'll just let it go  
Wonder who falls down when the rain comes  
Who can't stand the hard way  
I know if I could be a flyer  
I'd send it all to you  
Don't have to wait until it goes  
Finding everything here...  
Get through all the magic that it feels like  
Strong enough to be the biggest one  
Then all the answers show up on their way  
Someday it all comes clear  
Clear to who believe  
Wonder who falls down when the rain comes  
Who can't stand the hard way  
I know if I could be a flyer  
I'd send it all to you  
Get on your way now, you know you can  
Times running out there and it's not gonna wait  
Because you know now that everything you've always  
wished for,  
Now you can have it,  
I'll just send it back to...  
Wonder who falls down when the rain comes...
