When I see you my world becomes better
Everything seems like a little feather
And then I think if I told about my feelings
Would you look at me with different eyes

I know this is the price I have to pay
But when Our eyes get together
I just want us looking the same way
Following the same destiny

And we could change our dealings,
I can still suffer the worst:
Loosing your friendship
My only certainty is that I love you
And that's all I have to say

I know this is the price I have to pay
But when Our eyes get together
I just want us looking the same way
Following the same destiny

Wouldn't I be better if you could hear my thoughts
Wouldn't you be nicer if you cared so much
Wouldn't it be happier if we sang along
And All my tears went away
Wouldn't it be perfect if we knew the words
And if you could follow my dreams
Suddenly I think of you
And open my eyes
And we're dancing for all the night long
