Remember how it used to be  
It was only you and me  
We didn't worry much about anything  
And not a dollar to my name  
But you loved me just the same  
Yeah I felt like I had everything

Holding my hand, walk down the beach  
I would pretend that you were my queen  
Even though our castle is only in the sand, yeah

Girl we've got something that keeps reminding us  
We don't need nothing as long as we got love  
Believe it, I mean it, I know we'll always have enough  
As long as we got love, love  
As long as we got love  
As long as we got love

Blink your eyes and here we are  
Got a dog and bought a car  
Little footsteps down the hall  
Life's responsibilities  
Sometimes makes it hard to see  
The million things about you I adore

But the castles are now more than just sand  
So let the rain fall cause we are gonna stay

Boy we've got something that keeps reminding us  
We don't need nothing as long as we got love  
Believe it, I mean it, I know we'll always have enough  
As long as we got love, love  
As long as we got love, love  
As long as we got love

At the end of the day the city is asleep  
I'm wide awake with the girl of my dreams  
And all that we've got is the only thing I'll ever need

Boy we've got something that keeps reminding us  
We don't need nothing... Oh

Girl we've got something that keeps reminding us  
We don't need nothing as long as we got love  
Believe it, I mean it, I know we'll always have enough  
As long as we got love, love  
As long as we got love, love  
As long as we got love, love  
As long as we got love, love  
As long as we got love
