Mmm, whoa, yeah  
Yeah, uhh

You get me out of my seat, it's like I've been in bed for  
a week  
I've been slippin' an' slidin' all over the place and  
nobody cares  
And I'm such a disgrace  
You get me out of my mood, that's something only you  
can do  
'Cause I feel like I'm home when I'm in your arms  
And that's why I need you to

Cheer me up, come on dance with me  
(Whoa)  
And you take my hand  
Cheer me up  
(Oh, oh)  
Even if we're the only ones that's there

Cheer me up  
(Whoa)  
Please won't you cheer me up  
(Oh, oh)  
Even if were the only ones that's there

Give me a reason to smile, the kind that will last for a  
while  
Like only you know how, make it okay now  
You got your ways to make this girl's day  
It's the magic that's in your touch, it makes everything  
mean so much  
The poetry in you eyes is enough in itself to take me to  
a high  
Whoa  
(Take me to a high)  
You gotta cheer me up, oh you

Cheer me up, come on dance with me  
(Whoa)  
And you take my hand  
Cheer me up

(Oh, oh)  
Even if we're the only ones that's there

Cheer me up  
(Whoa)  
Please won't you cheer me up  
(Oh, oh)  
Even if were the only ones that's there

You turn my frown upside down  
My smile's lost an' found when you are around  
(You cheer me up, cheer me up)  
You turn my frown upside down  
My smile's lost an' found when you are around  
(Just a little bit of cheer)

Cheer me up, come on dance with me  
And you take my hand  
You cheer me up  
(Oh, oh)  
Even if we're the only ones that's there

Cheer me up, dance with me  
Take my hand  
Love it when you cheer me up  
(Oh, oh)  
Even if we're the only ones that's there

Only you got the magic, only you got the key to my  
heart  
(Only you got the key)  
To my heart, yeah, yeah, oh  
Only you got the magic, only you got the way to my  
heart  
(Yeah, yeah, oh)

Even if were the only one's that's there  
(Cheer me up)  
I've been last in lines forever, I want a part of it  
Even just a little bit  
(Even if were the only one's that's there)  
Happiness can last forever; I want a part of it  
Even just a little bit  
(Even if were the only one's that's there)

If happiness can last forever, I want a part of it even  
just a little bit
