Lookin' for a light bulb to switch on  
But I'm starin' at the wires hanging from the ceilin'  
I can't fix it by  
Sittin here on my own.

Got a dozen ideas and a hundred more  
Like the pile of shoes that have never been worn  
I need information from waiting for a light, oh.

How many people does it take to turn it all around  
And I'm sure there's many ways but if there's no one to  
help me

I-I-I'll do it myself  
Couldn't be that hard just to make a start.  
I-I'll do it myself  
Who's it gonna be is it you or me  
I'll do it myself  
Couldn't be that hard just to make a start.  
I-I'll do it myself.

D.I.Y.'s not my game  
'Cause i'd rather die then take the blame  
I'm not a rocket scientist  
I've never been that good at this.

Tell me a joke and I try to laugh  
And if it ain't funny well that's tot bad  
You know its not comedy, baby, if the jokes on me.

How many people does it take to turn it all around  
And I'm sure there's many ways but if there's no one to  
help me

I-I-I'll do it myself  
Couldn't be that hard just to make a start  
I-I'll do it myself  
Who's it gonna be, is it you or me  
I'll do it myself  
Couldn't be that hard just to make a start  
I-I'll do it myself.

I'll take the stop signs turn, turn em all green  
I'll patch the holes up and I'm mending the seams  
Take the hands off the clock, change the batteries  
If it's down to this then it's up to me.

I'll do it myself  
I'll do it myself  
I'll do it myself  
Couldn't be that hard just to make a start  
I-I'll do it myself  
Who's it gonna be, is it you or me  
I'll do it myself  
Couldn't be that hard just to make a start  
I-I'll do it myself  
Just to make a start  
I'll do it myself.
