Your heart is not open so I must go,  
the spells been broken I love you so,  
freedom comes when you learn to let go,  
creation comes when you learn to say no,  
I wanna fly high,

(chorus)  
theres nothing left to lose,  
theres no more heart to bruise,  
and theres no greater power  
than the power of goodbye,

You were my lesson I had to learn,  
I was your fortress you had to burn,  
fait is a warning that somethings wrong,  
I pray to god that it wont be long,  
I wanna fly HIGH,

(chorus)  
theres nothing left to lose,  
theres no more heart you can bruise,  
and theres no greater power  
than the power of goodbye,

you tolled me you'd be there if something went wrong

you tolled me you'd come back it wouldn't take long,  
but,  
you lied you lied you lied you lied you lied you lied to  
me,  
now I can see,

you were nothing nothing to me,  
you were everything I didn't need,  
you were pain that stayed to long,  
you and my family never got along,  
I wanna to fly high,

(chorus)  
theres nothing left to lose,  
theres no more heart to bruise,  
and theres no greater power

than the power of goodbye,

theres nothing left to lose,  
theres no more heart to bruise,  
and theres no greater power  
than the power of goodbye,

Say good bye
