How do I get something off my chest when my heart's
beating so loud
How do I stand there feeling so dumb just lost in the
crowd
How i'm gonna know if you feel the same way if I never
even tell ya
How i'm suppose to catch your eye from the back of the
line when you..

Always leave me speechless
Don't know how you do this
Don't know why when you walk in the words run out
somehow
Silence is my weakness
All the chances i've missed
Just a kiss to let you know
The truth's right here behind my lips
Oh oh oh oh
I'm speechless
Oh oh oh oh
I'm speechless

It's like a wall of glass that i'm looking through but i'm
stuck behind
Like a door to a whole new universe but i'm locked
outside
How you gonna know how I feel about you if nothing
ever gets through
I just wanna cut through the sound but when you're
around, oh you..

Always leave me speechless
Don't know how you do this
Don't know why when you walk in the words run out
somehow
Silence is my weakness
All the chances i've missed
Just a kiss to let you know
The truth's right here behind my lips
Oh oh oh oh
I'm speechless
Oh oh oh oh

I'm speechless

Sometimes silence speaks louder than words
(???)

Whoa whoa yeah

Sometimes if you want it then go and get it

You won't regret it

Whoa whoa yeah

Can't let you walk away without hearing me say

That i'm so captivated I can't tell the words to your face

That I love you

You always leave me speechless

Don't know how you do this

Don't know why when you walk in the words run out
somehow

Silence is my weakness

And all the chances that i've missed

Just a kiss to let you know

The truth's right here behind my lips

Please don't leave me speechless

It don't have to be this way

Oh all of my heart could belong to you

Please don't leave me speechless

It don't have to be this way

In one moment you could break my silence

And I could be yours

Oh oh oh oh speechless

Oh you leave me speechless

How do I get this off my chest when my heart's beating
this loud
