I can't explain why When it rains Here I go again I'm
falling in love But this time is the right time
Once you believe
Take it from me
Dreams I meant to be
The distance between us
It's closer
You're closer

I'm in love
I feel like I am falling from the sky
No matter what I do or how I try
There's no way it's delayed

I'm in love
A symphony is playing from above
And everything I do is all because
I love you, it's so true
I'm in love with you
Together
Forever

Some of my heart
Wish we could be on a star
That's who you are
To me or my only
I need you babe
I want you

I'm in love
An angel must have kissed me from above
And you're my soul
My world
You're everything

I know so
Let it shore
I'm in love with you
Together
Forever
I'm in love

Everlasting love
Ooh aah as long as
I'm with you
Forever
Together
