Chorus:

Uh la la la la la (3x)
Loving you is not easy
Easy
Uh la la la la la (3x)
Loving you is not easy
Easy

I've been waiting for you so long
Don't tell me now that i was wrong
I'll find my way to your heart babe
Searching for you here and everywhere
Callin you but you're not there
I've been waiting oh so long so long

Chorus

Every second you hold me near
Hear your whisper in my ear
I want your love your real love, babe
I hear words you don't need to say
Do you feel it in every way?
Tell me what I
Oh tell me what I gotta do? Uhuh

Uh la la la la la (3x)
Loving you is not easy
Easy

I just can't stop loving you
Oh no matter what i do
Loving you is not easy
Tell me what do I have to do
That you feel the same way too
Babe
