Dear good friend of mine
I promise you we'll be just fine
The thousand of miles, won't mean a thing
We don't know what the future will bring
From New York to Minnesota
Jersey to L.A
There will always be
New things we have to face
Don't get to lost in your mind
I promise you, we'll be just fine

(Verse 2)

I'm waiting out on the coast of California
Please don't tell me that I didn't warn you
Everything would be just fine
Just raise your hand in mine

(Chorus)

And we could be
The king and queen
Of this awful town
Let's get away for a while
We could spread love
With the way you smile
Please don't let me down

(Verse 3)

Think back to 2nd grade
And all the times we had
The good, the ugly
And the bad
We're on a never ending road
The dotted lines show us where to go
Where do we go from here?

(Verse 2)

(Chorus)

(Verse 4)

You don't know what you have until it's gone
Your left's turn to Rights and your Rights turn to wrong

You never call home and that's okay
But I truthfully hope, that you're safe
So please don't let me down
So please don't let me down

(Pre-Chorus)

(Chorus)

(Verse 5)

Dear good friend of mine
We can make it through
