As we grow older
We grow stronger
We just wait to find out the truth
As we get older
Time seems longer
We just wait to find out the truth

Seconds feel like hours, and hours feel like days
Time passes by, and everything slips away
I am holding on, but slowly losing grip
The seams are tearing, and then they rip

Burning bridges
Climbing mountains
Always just barely slipping by
Facing fears
Shedding tears
Staying strong just to survive

This captain will go down with his ship
This captain will sail the seven seas
This is a road that will never cease
This road holds nightmares and memories

I can't escape these memories
They hold me down like anchors at my feet
I'm drowning in this ocean of lies
My mouth is shut, and my hands are tied

Burning bridges
Climbing mountains
Always just barely slipping by
Facing fears
Shedding tears
Staying strong just to survive

This captain will go down with his ship
This captain will sail the seven seas
This is a road that will never cease
This road holds nightmares and memories

This is something I can't sacrifice

Here are Demons, Slowly eating me alive
I scream no, I said no
I won't let them get to me
For a mistake that you made
So long ago
I won't let them get to me

Burning bridges
Climbing mountains
Always just barely slipping by
Facing fears
Shedding tears
Staying strong just to survive

This captain will go down with his ship
This captain will sail the seven seas
This is a road that will never cease
This road holds nightmares and memories
