It's 4 am and I can't fall asleep
I'm still awake, counting sheep
Twisting and turning in my bed
Remembering the words that she said
(Verse 2)
I swear she's an angel
She's the best thing this town has ever seen
I swear that she
She's the one for me
She's got a way with words
Her voice is the most beautiful thing I have heard
(I have ever heard)
(Pre-Chorus)
Through the ups and the downs
I breathe in I breathe out
I think I'm falling for her
(Chorus)
Sing me, this memory
To get me through the night
Sing me, this lullaby
I'll sing her to sleep tonight
(Verse 3)
It's 5 am and I can't fall asleep
I'm still awake, counting sheep
Twisting and turning in my bed
Remembering the words that she said
(Pre-Chorus)
(Verse 4)
It's 6 am and I can't fall asleep
I'm still awake, counting sheep
Twisting and turning in my bed
Remembering the words that she said
(Chorus)
