[Chorus]

Can't nobody
Do you like we do
Can't nobody
Do you like we do

[Kurupt]

Pistols and penitentiaries
Gangstas on a worldwide hunt for head huntin
Spead dumpin lead bustin
Tell me you wanna be done
It's so many thangs on these streets
Gang bang on these streets
Heat holders
That hug wit slugs
And it's the thang to be either crips or bloods
Nate show these niggas how it was
And how nobody do it like we does cuz

[Nate Dogg]

Something about the west coast
Makes me bang the beats
Something about the west coast
Makes me run them streets
Somethin about the music
Makes me wanna sing
Something about this chronic
Knocks me off my feet
That's real chronic baby

[Chorus]

[Bridge]

I know you never thought these niggas could be this
good
We'd be bumpin in your system from hood to hood
I know you never even though we would last this long
You were dead wrong
Homie this is Nate he's a double O.G.
All up in the place Kurupt
Better ask your girl why she starin at me

Leave me alone

[Kurupt]

Calicos

We ready for the get down

You ready to have sit-down

Bitch nigga sit-down

Runnin in and out ya house

Runnin in and out ya spouse

Don't say shit or I'll be running in and out your mouth

Gangstas get the party crackin

Hit a land and get it crunk

Nate Dogg and Kurupt

Yeah nigga that's wussup

Now I gotta show y'all how the west coast rock shit

Concoct and plot shit

Dogg pound oxes

[Chorus]

[Kurupt]

DPGC

The greatest on this earth

Gangsta that was taught shoot before you converse

Go against the grain and we convert to the worst

Take flight like eagles

Puncture like needles

Touch him without even bein present

The greatest on this earth west coast presents

The Dogg Pound muthafuckin gangsta nigga

On all gold feet

Yeah them all gold D's

[Nate Dogg]

Something about the west coast

Make me bang the beats

Something about the music

Makes me wanna sing

Something about the chronic Knocks me off my feet
