Verse 1

Hey OG, could you tell me how to find some good weed
I need it homie oh so bad
That last bag was the best weed I ever had
Bass, so deep, I cant even seem to feel my feet
Girls, so fine, I cant help it got to make this one mine
I hit em with my gansta leans
They cant separate my music from me

for the 1st

Chorus

Music and me
Music and me
Music and me
Music and me
My music and me

Verse 2

Time does change, but the music it remains the same
I hit em with the, music from the slave
Oh my goodness, what my ancestors gave
I dont want you to think I dont know
They taught me how to reach deep down and touch the
soul
Without my music where would I be
You taught me how to cry and still remain a G
You keep a lot of soldiers at ease
And together the next level proceed

Chorus

My music and me
music and me
music and me
music and me
music and me
My music and me

Music and me

Go together, perfect harmony
Soft and mellow
Or so hard, it'll make your speakers explode
Stay with me

And together we'll live out this dream
My music and me

Chorus

Music and me
Music and me
My music and me (fades out)
