And can no hood fuck with gangsta shit

Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)

Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)

Hey, let's party y'all  
All I wanna do is have a good time  
Tonight it's goin' down  
Hey, just roll it up  
It don't matter who's at the party  
Somebody's leavin' with me

Hey, let's set it off  
I see the girl that I want, that I want  
I see the girl that wants me  
Hey, it's gettin' hot  
But before my body gets bothered  
Let me tell you this about me

Momma kicked me out when I was sixteen  
Woke up the next mornin' with some D O G  
I felt a little bad but I had money  
Went and bought some dope and some blue khakis

While you were hangin' out in the promised land  
I was growin' up on the Long Beach sand  
So if you're intentions were to leave with me  
Remember when I'm satisfied  
I'm just as cold as can be, stone cold

Stone cold, baby, stone cold, baby

Stone cold, baby  
(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)

Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)

Damn, this is a cavi beat  
I feel like takin' time on this beat  
To smash you all  
But teachers are supposed to teach  
So I'ma teach and you gon' listen  
Or else you got to fall

To battle that's a thing that I've always done  
Never lost a battle that means I'm number one  
Don't hang with cowards 'cos they always run  
If you be rollin' with cowards don't forget your gun

Damn, I really love to compete  
Another victim I would love to delete  
Come one, come all  
Taste the agony of defeat  
But I know how sneaky niggas can be  
Whenever they fall

Some niggas try to take my cash  
Dumb niggas try to make me blast  
These days it's kinda hard to laugh  
I gotta host of new friends I never had in the past

Some niggas try to take my cash  
Dumb niggas try to make me blast  
These days it's kinda hard to laugh  
I gotta host of new friends I never had in the past

Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)

Stone cold, baby, stone cold, baby  
Stone cold, baby

(As cold as can be)  
Stone cold, baby, stone cold, baby  
Stone cold, baby  
(As cold as can be)
