Here it is, take it in  
Cause if you blink you might as well have missed this  
And if you don't act now  
This opportunity might pass you by  
Speak clear don't whisper  
Don't give them the wrong impression  
Who you are now is different  
So create it at your discretion

This is Chapter Two  
It's time to move on  
It's time for a fresh start, a brand new beginning  
This is Chapter Two  
So many possibilities  
At your fingertips  
And you're the author now  
Of Chapter Two

Chapter one was hectic I know  
But trust me that's in the past  
This story's got bigger and better things for you.  
Sure chapter five will be exciting  
But if you don't focus here you  
Won't even get to chapter three  
So make it count

This is your chance right now to make your move  
Remember that you create the story  
Go and do what you want to do  
Don't you dare let others hold you down  
And don't ever give up on your wildest dream  
This is your one and only chance to live your life.

This is Chapter Two  
It's time to move on  
It's time for a fresh start, a brand new beginning  
This is Chapter Two  
So many possibilities  
At your fingertips  
And you're the author now

No matter what comes your way

Turn the page to see a brand new page  
A whole new chapter, so what you do  
Is be thankful you've been given Chapter Two

This is Chapter Two  
It's time to move on  
It's time for a fresh start, a brand new beginning  
This is Chapter Two  
So many possibilities  
At your fingertips

This is Chapter Two  
It's time to move on  
It's time for a fresh start, a brand new beginning  
This is Chapter Two  
So many possibilities  
At your fingertips  
And you're the author now  
Of Chapter Two
