This wait is killin me
But your words are thrillin me
These times you glanced at me
Are the happiest times of my week
I just want you to know
That I think you would be
Perfect for me

Seeing your smile, it brightens my day
Hearing your voice makes the bad go away
Even the sound of your name makes me smile
A smile no one here has seen for a while
Just get close to me
So you can see
How much I mean that
You're perfect for me

Let's make one thing clear
I'm already here
I'm waiting on you to make your move
I'll wait patiently
But as you can see
I've made up my mind
You're perfect for me

I'm not a closed door like you think I am
I'm just waiting for you to hold my hand
I've been waiting weeks to get this off my chest
The feeling you give me, it tops the rest
I just want you to know
That I think you would be
Perfect for me

Those nights at the fair, they felt perfect and
I never wanted those long rides to end
You got scared and I held your hand
And you haven't left my mind since then
I opened my eyes
I'm not gonna hide
How much I mean that
You're perfect for me

Let's make one thing clear
I'm already here
I'm waiting on you to make your move
I'll wait patiently
Cause as you can see
I've made up my mind that
You're perfect for me

The night you said those words to me
Made my heart bounce and made my knees weak
The night I said those words to you
You looked at me and that's when I knew
With that grin you gave me
And with that kiss you saved for me
I knew it was finally our time to be
I didn't struggle for words
I just said "You're perfect for me"

Lets make one thing clear
We're already here
We waited for so long for this to come
There's nothing more to wait on
I could go on and on
About how much you mean to me
You're perfect for me
You're perfect for me
I just want you to know that
You're perfect for me
