Look in the review mirror  
Tell me what you see  
Cause all I see are distant memories

Sit under stars under the moonlight  
Look at your eyes as they shine so bright, baby  
Whisper in your ears  
I'll whisper in your ear.

Sing me out like I'm your last breath  
Sing it again, and sing it again whoa  
Sing me out like I'm your last breath  
Sing it again, and sing it again whoa

And if we both laid there together  
I'd pray that we could stay until forever  
And watch the night grow long  
And watch the night grow long  
Look at the time on the clock  
Don't tell me it's time to leave  
Cause I wanna sleep knowing that you're holding me.

Sit under stars under the moonlight  
Look at your eyes as they shine so bright, baby  
Whisper in your ears  
(Remember the stars)  
I'll whisper in your ears

Sing me out like I'm your last breath  
Sing it again, and sing it again whoa  
Sing me out like I'm your last breath  
Sing it again, and sing it again whoa

Sit under stars under the moonlight  
Look at your eyes as they shine so bright, baby  
Whisper in your ears  
(Remember the stars)  
I'll whisper in your ears

Sing me out like I'm your last breath  
Sing it again, and sing it again  
Sing me out like I'm your last breath

Sing it again, and sing it again whoa

Sing me out like I'm your last breath  
Sing it again, and sing it again whoa  
Sing me out like I'm your last breath  
Sing it again, and sing it again whoa

Sing me out like I'm your last breath  
Sing me out like I'm your last breath  
Sing it again, and sing it again whoa
