Is it supposed to feel this way?  
I don't think it should  
And isn't love supposed to make  
You feel the highest goods  
And if you weren't sure  
You could've told me long ago  
But now it's too late  
So out the door, it's time to go

Forever came so fast  
Whatever happened to "I wanna make this last"  
Your promises never came out true  
Just empty words that had nothing to do

The last thing that I wanna do is go  
Sleepless tonight  
But I know without your grip on my hips  
It's likely to come true  
And how can you be  
The girl of my dreams  
When I can't sleep at night  
And it's all because of you

You say you tried your hardest  
But we both know that's not right  
You know I tried to keep you honest  
But that didn't work tonight

The last thing that I wanna do is go  
Sleepless tonight  
But I know without your grip on my hips  
It's likely to come true  
And how can you be  
The girl of my dreams  
When I can't sleep at night  
And it's all because of you

I know you've been busy  
I have been too  
Busy finding ways for me to get to you  
And if this one fails  
I'll throw out the key

I know there's no hope in you unlocking me  
I'm doing fine  
Thanks for asking

The last thing that I wanna do is go  
Sleepless tonight  
But I know without your grip on my hips  
It's likely to come true  
And how can you be  
The girl of my dreams  
When I can't sleep at night  
And it's all because of you
