You taught me how to ride a bike  
Tie my shoes and fly a kite  
How to swim, and how to fish  
To see a star and make a wish  
Said it's okay to make mistakes  
Just don't get stuck in yesterday  
Forgive, forget, and move ahead  
Because life is what you make of it  
Now You're gone, and all I have  
Are memories I hold deep  
But if I'm quiet, I hear you're voice  
Still ringing in my ears

Saying live with no excuses  
Love with no regrets  
Laugh a lot and leave this life  
With nothing left unsaid  
Make this world a better place  
Don't be afraid to cry  
And when it's finally time, to say goodbye  
Nothing to prove, nothing to lose  
Nothing to hide

You see, life can not be measured by  
The place you live, the car you drive  
The thing that counts the day you die  
Is who you are, and what's inside  
So tell the truth, don't ever lie  
Integrity at any price  
Your words, your bond, your highest price  
So guard it close, and live your life  
So many things, I learned from you  
Bouta ¾ life and love and play,  
But I learned more by how you lived  
Then what I heard you say

So I live with no excuses  
And I love with no regrets  
I laugh a lot, and I leave this life  
With nothing left unsaid  
Make this world a better place  
Don't be afraid to cry

And when it's finally time, to say goodbye  
And when it's finally time, to say goodbye  
And when it's finally time, to say goodbye  
There's nothing to prove, nothing to lose  
Nothing to hide
