I'm scratching the surface of this crisis, of your crisis
Glad that I'm not that simple - minded , simple-minded
Patience is something I believe in, I believe in
But I'm ready to go right off the deep end, off the deep
end

Not walking away,I've something to say

Whatever it takes , I'm not backing down
I'm not letting go , I will fight for you
Make no mistake , don't ever doubt
I want you to know,I will fight for you

Don't wanna end up like the others, like the others
Silenced by folly or conjecture, or conjecture

It's gonna be hard, but we can beat it, we can beat it
I'm making this plan and I can see it,I can see it

Not walking away, I've something to say

Whatever it takes , I'm not backing down
I'm not letting go , I will fight for you
Make no mistake , don't ever doubt
I want you to know,I will fight for you

Whatever it takes , I'm not backing down
I'm not letting go , I will fight for you
Make no mistake , don't ever doubt
I want you to know,I will fight for you
