I wandered 10,000 miles
I never found what I was searching for
To wind up here in your arms and now
I know it's my fault

(CHORUS)

I earned myself a place in infamy
But still no sympathy
From the ones I called my own...
And I wanted you to believe
In the things that give me hope
I wanted you to believe
The things that make me wonder
I wanted you to see
That you were just like me (2X)

I made up my mind this time
I'll never find another place to stay
I gave up my sense of pride and now
I know it's my fault

I tried so hard to make you think like me
But still you disagree
With the point that matters most

(CHORUS)

I wanted to believe (3X)

I lost myself.
