"Blow Up Your Mind"

I'm gonna get insane. Blow up my mind. Lightnin' bolt
my brain. Turn into Frankenstein. Put on a party dress.
Jack off 'til I'm blind. Clean up the mess with
Turpentine. Nevermind mankind. Leave it all behind.
Blow up your mind. Blow up your mind. Like them
mummy pharaohs. Over in the med. Wrap up my
clothes. And blow up my head. Dynamite or acid?
Hybrow or hybrid? Forsee the forbidden. Blow the lidd
off your ID. Are you a little too healthy? Drink some bad
wine. Trap some bats in your belfry. And blow up your
mind. No more static in the attic. Get erratic instead.
Get real acrobatic. And land on your head.
