You think you're funny. But, your face beat you to it.
You look like somethin'. In the Bronx Zoo. It ain't no
joke. You're very chimpanzee. Don't monkey with
Tarzan. And don't get funny with me. I see by your
outfit. You're a cowgirl. When I say hyaw! I'm talkin'
'bout now, girl. I'm a whip crackin' daddy. And I don't
mean please. Aim for the bucket. And don't get funny
with me. Don't get funny with me. Don't get funny with
me. The jokes on you. Don't get funny with me. You're
gonna get a stiff neck. Lookin' way down here. You're
gonna fall off that pedestal. And land on the mirror.
You're gonna break that thing. You ain't no beauty
queen. You done broke my brownie. Now, don't get
funny with me. You're the life o' the party. And a million
laughs. You know karate. And some witchcraft. You
know rope tricks. From the exotic east. Don't fool with
Fu Manchu. And don't get funny with me.
