It's a long way down
It's a gap that's dark and deep
It's a long way
But there's hope for those who leap
It's a long way down
Who can say what lies below?
It's a long way
But there's one thing I know
It's a course we must pursue
And I'll be waiting on the other side
For you

(CHORUS)

You're not alone (2X)

It's a long way down
It's a slope that's slick and steep
It's a long way
Can you hold the words you keep?
It's a simple trust
Should I be an optimist?
Is it your lust?
Can you keep your promises?
'cause sometimes promises don't
Come true
But I never thought I could not count
On you.
Will you live to see this through?

(CHORUS)

We're not alone (2X)

It's a long way down
I can't see the ground
I'm following the only way I know now

It's a long way down (2X)

I'm broken without these promises.

Not alone, we're not alone, are we?
