Queen of pain, queen of pain. you got me hanging
from a chain queen of pain, queen of pain. i'm bad and
i know i'm to blame queen of pain, queen of pain these
marks will be hard to explain queen of pain, queen of
pain you look sweet in that garter belt queen of pain,
queen of pain give me one even harder belt queen of
pain, queen of pain i think that's gonna leave a welt
queen of pain, queen of pain i love your metal bra that
points queen of pain, queen of pain your block and
tackle exploits queen of pain, queen of pain don't
dislocate that socket joint! queen of pain, queen of
pain you got me haning from a chain queen of pain,
queen of pain oh please be careful with your aim now
queen of pain, queen of pain what will i use to clean
that stain? queen of pain, queen of pain this is a strain
up on this crane queen of pain, queen of pain i'm
spinnin' like a weather vane queen of pain, queen of
pain what you gonna do with that cane?!
