Let's take our time and concentrate  
The mood is right for living, ooh i can't wait  
I've waited so long to be with you this special way  
Don't be afraid, afraid to stay  
And share your love with me this way

I understand baby it's your very first time  
I'll be gentle with you baby, it's gonna be alright  
And so if we're gonna be together tonight  
I'll be good to you baby, sweet to you lady  
Guess what we're gonna be tonight

Lovers  
Baby, let me be your lover  
Lovers  
Let me be the only one  
Lovers  
Baby let me be your lover  
Lovers  
Let me be the one

Don't let your thoughts get in the way  
The time is right for love, it's not too late  
The feeling's so strong to be as one this special way  
Just take my hand, i'll lead the way  
I need you so much, baby won't you stay

I understand baby it's your very first time  
I'll be gentle with you baby, it's gonna be alright  
And so if we're gonna be together tonight  
I'll be good to you baby, sweet to you lady  
Guess what we're gonna be tonight

I wanna hold you  
I wanna touch you  
I wanna squeeze you  
I'll never tease you  
Hold you tight all through the night  
I'm gonna make you feel alright
