What do you want from me?  
Who do you want me to be?  
Ain't nothing ever enough?  
Please, why won't you stop

Like an itch inside of me  
How I scratch it never leaves  
Yes, I am addicted to you  
I keep falling no matter what I do

You give me pleasure, you give me pain  
Now my life goes down the drain  
Staring down the barrel of a gun  
With my hand on the trigger that  
Rules the gun

What do you expect from me?  
What can I do to satisfy this need?  
Only mirror staring back at me  
Just laughing "no more please"

You give me pleasure, you give me pain  
Now my life goes down the drain  
Staring down the barrel of a gun  
With my hand on the trigger that  
Rules the gun

Can anyone tell what's wrong, what's right  
I've lost everything that's worth a fight  
I have fallen way too deep  
Lost in corrosion of humanity
